1. PURPOSE AND COMMITMENT

1.1 Commitment to Sustainability

Asher Excellent Ltd is fully committed to integrating sustainability into every aspect of our operations. As a specialist healthcare provider that supports individuals with acquired injuries, we recognize the importance of our role in fostering environmental stewardship. We aim to minimize our environmental impact, enhance resource efficiency, and promote sustainability within our healthcare services.

Our commitment to sustainability is driven by the belief that the protection of the environment is crucial to the overall health and well-being of individuals and communities.

We recognize that as a healthcare provider, we must go beyond just providing excellent care; we must also be responsible stewards of the planet, ensuring that our operations contribute positively to society and the environment. This policy outlines the steps we are taking to reduce our environmental footprint and incorporate sustainable practices into our operations and service delivery.

1.2 Policy Goal

The goal of this policy is to create a comprehensive framework for environmental management that minimizes our environmental impact, supports the health and sustainability of the communities we serve, and establishes **Asher Excellent Ltd** as a leading example of sustainable practices within the healthcare sector.

This includes reducing our carbon footprint, enhancing resource efficiency, and encouraging sustainable behavior within our workforce and among our clients.

By focusing on sustainable operations and practices, **Asher Excellent Ltd** seeks to provide environmentally responsible care while also meeting the ever-growing demands for healthcare services. Our overarching objective is to integrate sustainability into every phase of our healthcare services, from resource procurement to service delivery, and to align with national and international environmental standards.

2. SCOPE

2.1 Applicability of the Policy

This policy applies to all employees, contractors, consultants, suppliers, and clients associated with **Asher Excellent Ltd**. It covers all aspects of our operations, including but not limited to office management, healthcare service delivery, staff travel, resource consumption, waste management, and our entire supply chain.

The policy also extends to our healthcare services, where we work closely with individuals and healthcare facilities to ensure that sustainability principles are adhered to in the provision of care. This includes reducing energy consumption in facilities where care is provided, minimizing waste generated by our services, and promoting sustainable practices in the everyday lives of the individuals we support.

2.2 Inclusive Operations

At **Asher Excellent Ltd**, we are dedicated to integrating sustainability across all areas of our business. This includes:

- Sustainable healthcare delivery.
- Reducing waste through better management of resources used in patient care.
- Responsible transportation and travel policies for staff and clients.
- Environmentally friendly office practices and digital technologies.

3. POLICY STATEMENT

3.1 Environmental Commitment

Asher Excellent Ltd is committed to embedding sustainability into the core of our business and operations. We are dedicated to implementing policies and practices that ensure we reduce waste, conserve energy, minimize greenhouse gas emissions, and promote environmental stewardship at every level of the organization.

The company will continually assess and improve its environmental performance, ensuring that we meet and exceed the expectations of our stakeholders regarding sustainability.

We understand that environmental sustainability is a shared responsibility, and we will work collaboratively with employees, clients, suppliers, and partners to achieve our sustainability objectives. By integrating environmental practices into our healthcare services, we aim to

have a positive impact on the communities we serve and contribute to the long-term health of our planet.

3.2 Regulatory Compliance

Asher Excellent Ltd will comply with all relevant environmental laws, regulations, and industry standards. We will stay informed about changes in environmental legislation and ensure that our practices align with evolving best practices in sustainability. This commitment will help us avoid environmental risks and foster a culture of compliance within our operations.
